Volunteering

Work and Solidarity Camps
European Voluntary Service
Communitiy Service
Formative Traineeships

Our Partner

Association **Rom pentru Rom** was born in 2001 with the purpose of improving life conditions for the feeblest categories of population. From our first activities, reconstruction of the poorest families' houses in the local Roma community, we passed to action for human development of the entire local community, through projects referring to formation and education of the most disadvantaged youth.

WRITE AS REASON: "SOSTEGNO A DISTANZA ROMANIA"

What it is about

Since 2001 IBO Italia, together with local association **Rom pentru Rom**, has actioned in Panciu social context. Panciu is a rural town at 200 km north from Bucharest, in Vrancea. The region is among the most underdeveloped areas of the country, where alcoholism, illiteracy, school abandon, domestic violence rate is higher than elsewhere, making the **situation for the minors strongly needy**.

Since 2006 **Educational Day Centre 'Pinochio'** has been active, the single aggregative reality of the town, point of reference for the neediest minors, especially for local Roma community children.

At the Centre the children can find **an open and cosy place**, where operators and educators daily organize activities for literacy, afterschool support, non formal education activities (theatre, jugglery, art), sensitization paths about environment, hygiene, behaviour and other social themes (peace, discrimination, social inclusion).

At the moment we receive at the centre till 60 children per year. The objective is to enlarge the facility (building **a kitchen and a canteen**) to improve the educational offer.

Therefore we ask for help from you or the group you belong to, so that **Cosmin, Sara, Sami, Adița and all the others** can have a place where they can spend their afternoons with serenity, receiving the affection and the attention they need so much.

How to Do

IT'S ENOUGH 0.82 € A DAY
...less than your daily coffee!

It's enough 300 € a year to assure the didactic and hygienic material, the play and sport activities, food, excursions and operating costs **for a child attending the centre**.

At the time of your subscription you'll receive a file with a picture of the children and the project details, moreover, the periodical IBO Italia newsletter and the annual report about life at Centre '**Pinochio**'.

If you want, especially if you mean to subscribe as an organized group, it's also possible **to support directly the local staff** of the Association **Rom pentru Rom**, so that you can help guaranteeing to children the continuity of their educational path with professionally formed staff. The cost for an educator amounts to 4,500 € per year. In both cases IBO Italia would recoup 50 € for operating costs. It's possible to contribute with smaller amounts which will be devolved to kitchen and canteen building.

ACCORDING TO THE CURRENT LAW IN YOUR COUNTRY, YOU CAN ALSO DEDUCT A PERCENT FROM THE SUM YOU ASSIGN TO IBO ITALIA.
